MAIL STOP PETITIONS  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

This is a Petition to obtain a filing date for an application that was correctly filed in complete form, notwithstanding the apparent subsequent loss within the Office of the drawings of the application. It is filed in response to a Notice of Incomplete Nonprovisional Application, mailed on December 30, 2004. A copy of this Notice is appended as Exhibit A.

This application was filed by Express Mail on July 1, 2003, and included 23 pages of text (including an abstract) and 3 drawing sheets. The filed application included a Utility Patent Application Transmittal and a return receipt postcard, copies of which are attached hereto as Exhibits B and C. The return receipt postcard was received in our offices on July 21, 2003. It evidences receipt of the complete application by the United States Patent and Trademark Office, as there is no indication on the postcard that any of the listed items were missing.

400.00 OP

In addition to the evidence provided by the return receipt postcard that the drawings were received by the Office, I, the undersigned, offer my own testimony regarding my personal procedures in filing an application, to assure that all pages of the application are present in the filed copy. I was personally involved in the filing of this application, as indicated by my signature on the Utility Patent Application Transmittal and the Fee Transmittal. It was my practice at the time (and it is still my practice) to personally go through the final stapled version of every application I file, page by page, just prior to inserting the application in an Express Mail envelope, to confirm that all pages are present. After this page-by-page review I personally place the application in the Express Mail envelope and personally seal the envelope, without allowing the application to leave my presence between the review and the sealing, to assure that none of the reviewed materials are removed prior to being sealed up in the envelope.

Since the complete application was filed correctly on July 1, 2003, this application should be accorded the filing date of July 1, 2003. Attached hereto are copies of the three pages of drawings filed with the application, to replace the missing originally-filed drawings.

Contact with the undersigned, at the below telephone number, is invited in order to aid in clearing up any questions that might remain concerning this matter.

Enclosed is a check in the amount of \$400.00, in satisfaction of the fee under 37 CFR 1.17(f). If any additional fees are due with the filing of this paper, authorization is given to charge the additional fees to our Deposit Account No. 18-0988 (Order No. ERICP0343US). Applicants request that the \$400.00 petition fee be refunded, as Applicants correctly filed a complete application, and that complete application was received by the Office. It is requested that the refund associated with this application be credited to our Deposit Account No. 18-0988 (Order No. ERICP0343US).

Respectfully submitted,
